FOSS

The Lighthouse Probe™ successfully tested with FOSS XDS

FOSS NIRSystems, Inc. is pleased to announce that the Lighthouse Probe™, provided by GEA Pharma Systems, has been successfully connected and tested with a FOSS Near-Infrared Process Analytics™ analyzer.

The Lighthouse Probe can be used for real-time monitoring of chemical and pharmaceutical processes and provides in-process window cleaning at any time, recalibration during the process, full CIP (cleaning) of wash housing and seal, and a clear view inside - even in difficult conditions.

Please contact us for more information.
